

Dingo Creek Online Credits

The range of images, videos and other resources that contribute to making Dingo Creek Online such a rich resource, are due to the generosity and assistance of the following:

- Australian Geomechanics Society
- Bureau of Meteorology
- Emergency Management Australia library and personnel
- Marine Safety Victoria
- New South Wales State Emergency Service
- Port Augusta City Council

Dingo Creek Online was designed, developed and written by dk2 p/l and Millipede Creative Development p/l for Emergency Management Australia, Attorney General's Department.
