

Western Australia 2006-07 Bushfire Mitigation Program Projects					
Agency	Reserve/Treatment Name	Town	Project Description	Treatment Area km/Ha/Oth (if available)	Aust Govt BMP Funding \$
LGA - Shire of Broome	Broome-Waterbank Fire Management Plan	Broome	Prepare and implement a Fire management Plan for Waterbank station including installation of new firebreaks, the maintenance of existing firebreaks.	To be determine as part of project	\$5,000
LGA - Shire of Toodyay	Toodyay Access Safe	Toodyay	Reconstruct and upgrade existing strategic fire trails within the Shire, removal of wind rows, reconstruction of dangerous passages with turn arounds. Construction 2km along Avon River. Upgrade 3 crossings between Toodyay and Avon Valley National Park	20km reconstruction, 45km upgrade, 2km construction, upgrade 3 river crossings	\$20,000
LGA - Shire of Bridgetown Greenbushes	Rural Street Numbering	Greenbushes Bridgetown	Implementation of rural street numbering to complement the Emergency Services Atlas recently produced by the Shire	1000 rural properties numbered	\$15,000
LGA - Shire of Bridgetown Greenbushes	Firebreak Installation and Upgrades	Greenbushes Bridgetown	To install firebreaks around the Bridgetown and Greenbushes town sites and upgrade firebreaks within reserves that border the residential areas. Including signage, barriers, site surveys and break upgrades.	To be determine as part of project	\$3,093
Department of Environment and Conservation	Mitchell Plateau Fire Management Program		Upgrade and construct network of fire trails in Mitchell River National Park, Laterite Conservation Park and adjoining unallocated crown land	Part of project is to determine requirements	\$29,500
Department of Environment and Conservation	Cape Riche Reserve	Wellstead	Fire access track upgrade & construction (10km). Protection to Wellstead & Cape Riche town sites, adjoining rural properties, key rural access roads	10km	\$8,000
Department of Environment and Conservation	Cape Arid Unallocated Crown Land		Construct & upgrade strategic boundary firebreaks between reserve and private lands	9km est	\$12,500
Department of Environment and Conservation	Ravensthorpe Unallocated Crown Land	Ravensthorpe	Upgrade of strategic fire breaks	200km	\$10,000
Department of Environment and Conservation	Stirling Range National Park- Strategic Access Upgrade	Borden	Upgrade & repair of strategic fire access routes within the park, continuation of 2005-06 project	15km, part of project is to define this	\$25,000
Department of Environment and Conservation	Jerramungup Coastal Reserve	Bremer Bay	Construct & upgrade strategic boundary firebreaks between reserve and private lands	18km	\$10,000
Department of Environment and Conservation	Pallinup River Corridor	Bremer Bay Wellstead	Joint City of Albany/DEC project to upgrade & construct strategic firebreak boundaries between reserves & private lands	10km	\$10,000
Department of Environment and Conservation	Cape Le Grand Unallocated Crown Land	Esperance	Upgrade of existing strategic access tracks to assist in protection of adjoining private land.	25 km est	\$7,500
Department of Environment and Conservation	Moora District Fire trails, Dandaragan Shire Project	Jurien Bay	Upgrade strategic fire access trails	170 km	\$9,075
Department of Environment and Conservation	Moora District	Three Springs Shire	Upgrade of fire access trails. Strong community support.	95 km	\$4,500
Department of Environment and Conservation	Moora District	Shire of Irwin	Upgrade of fire access trails to provide protection to Gas Plant infrastructure within the Reserve and nearby dwellings	130 km	\$5,675
Department of Environment and Conservation	Beekeepers Road Project Phase III		This final stage of the project will complete the upgrade of strategic fire access trails through the Beekeepers NR including sheeting and drainage works.	6 km	\$37,600
Department of Environment and Conservation	Nambung National Park Emergency Water Point Project		Establish a 27,000lt concrete water point for use by fire suppression personnel in the Nambung NP.	1 water point	\$4,800
Department of Environment and Conservation	Kalbarri Community Protection Project	Kalbarri	Stage 2 upgrade of strategic fire access trails to provide protection to Kalbarri Townsite and infrastructure.	90 km	\$4,800
Department of Environment and Conservation	Shark bay - Denham Community Protection Project	Denham	Upgrade fire access trails adjacent the community and infrastructure including telecommunications and wind turbines.	95 km	\$6,200
Department of Environment and Conservation	Crouch Road Upgrade	Jalbarragup	Upgrade of major strategic access road including re-alignment, resurfacing, drainage, signage and bridge works.	15 km	\$60,000
Department of Environment and Conservation	Yilgarn Fire Access Track Upgrade		Upgrade and construction of strategic fire access tracks to allow access for fire suppression activities and better protection to adjacent dwellings.	40 km upgrade 10 km construction	\$10,760

Agency	Reserve/Treatment Name	Town	Project Description	Treatment Area km/Ha/Oth (if available)	Aust Govt BMP Funding \$
Department of Environment and Conservation	Strategic Fire Access track program - Mukinbudin Shire		Upgrade and construct fire access trails in DEC Reserves adjacent private property.	102 km	\$25,000
Department of Environment and Conservation	Fire Access and Construction Stage 2,	Kondinin Kulin	Construction of Boundary fire access track to specification	55km	\$15,500
Department of Environment and Conservation	Fire Access Track Upgrade and Construction Stage 3,	Kulin	Maintenance to existing boundary and internal fire access tracks to specification	10km	\$1,250
Department of Environment and Conservation	24282 NR, 24599/Johns Well NR,25134/Cobline NR 25135/Cobline NR, 25136/Cobline NR, 27481 NR 32204/Moojebing NR	Katanning	Reconstruction and maintenance grading of perimeter and internal fire access tracks, including the removal of vegetation and debris, repairing of erosion and the construction of spoon drains.	93.7km	\$3,158
Department of Environment and Conservation	1736/Beaufort Bridge NR, 5339 NR, 13145/Woodanilling NR, 27609/Flagstaff NR, 40933/Strathmore Hill NR	Woodanilling	Reconstruction and maintenance grading of perimeter and internal fire access tracks, including the removal of vegetation and debris, repairing of erosion and the construction of spoon drains.	29.5 km	\$1,000
Department of Environment and Conservation	18803 NR, 20046 NR, 24589/Corneecup NR, 24827 NR 26381 McDougall NR, 27289/Willoughby NR, 32663 NR	Nyabing Pingrup	Reconstruction and maintenance grading of perimeter and internal fire access tracks, including the removal of vegetation and debris, repairing of erosion and the construction of spoon drains.	114.15 km	\$3,842
Department of Environment and Conservation	Strategic Access River Crossing Murray Valley	Nanga Brook	Stage 1 Undertake planning to provide strategic fire access across the Murray River including site selection, design, approvals and quotation process.	1 River Crossing costed proposal	\$35,000
Department of Environment and Conservation	Strategic Access Murray Valley Fireline	Nanga Brook	Upgrade of existing fire access trails providing both strategic and tactical access, including major walking track access.	15 km	\$25,000
Department of Environment and Conservation	Helena Valley Fire Trail Upgrade	Darlington Glen Forrest	Upgrade of fire access trails adjacent dwellings in Helena Valley	15 km	\$25,000
Department of Environment and Conservation	Darling Range Regional Park Urban Interface Firebreak Construction and Fuel Modification	Roleystone Lesmurdie	Major upgrade of fire trails within the Park to enable fuel reduction burns to be undertaken. Reduction of the high fuel in difficult terrain will significantly reduce the risk of bushfire to the adjoining community.	14 km	\$15,000
Department of Environment and Conservation	Centre Rd	Walpole	Installation of large culvert to replace decrepit bridge.	1 Bridge	\$5,000
Department of Environment and Conservation	Flybrook - Charley Road	Pemberton -	Bridge upgrade by pipe installation	1 Bridge	\$17,500
Department of Environment and Conservation	Petticoat Lane	Pemberton	Bridge upgrade by pipe installation and road upgrade	0.3 Km	\$10,000
Department of Environment and Conservation	Cape Range National Park - Fire trail Upgrade	Exmouth	To upgrade the network of fire trails and strategic access within Cape Range National Park. This will include managing access, drainage and surface maintenance, and vegetation management. to provide safe strategic access for fire fighters.	89 km estimate	\$28,000
Department of Environment and Conservation	Southern Cross-Coolgardie WTA strategic firebreaks and access	Southern Cross, Kooyanobbing and Coolgardie	This project will upgrade more than 200km of internal strategic fire access using a wheeled loader and grader	200 km	\$40,000
TOTAL					\$549,253
