About Us

The Australian Emergency Management Library is a unique resource in Australia as the collection covers the entire spectrum of emergency management issues.

What we do

- The Library informs and supports the emergency management sector by providing a national resource of specialist information
- The library is open to the public and we can help you access the collection
- Please contact us to arrange a visit

Partnerships

- The Library is an active member of Australasian Libraries in the Emergency Sector (ALIES), a cooperative emergency management information network
